Kozielek To Oppose Sasyk for Mayor Post

Announces Candidacy Today; Seeks Debate On Municipal Issues

A hot summer for Madison—campaign-wise—was assured today with announcement by Acting Mayor Raymond Kozielek that he definitely has his hat in the ring for the July 28 mayoral race.

Kozielek told the Press-Record that with his 13 years on the council, "I've a lot to offer the people, and they came forth to back me and are circulating petitions on my behalf."

"I feel I can't let them down at this time, and I want to let it be known I will publicly debate municipal issues with my opponent at any time," Kozielek stated.

While the filing period for the July election does not end until May 25, the major campaign battle already has taken shape with the April 17 selection of Mike Sasyk as the mayor.

Sasyk, who is president of the board of police and fire com-

missioners and is in the real estate business, was selected to be the candidate by the vote of the city organization's executive board. Signs urging his election already have appeared in yards and on fences.

Following the April 17 city organization closed caucus session, Kozielek had said he no longer considered himself to be a candidate.

However, his decision to run was made over the weekend "after the people showed me they wanted me to run for mayor and would give me their support. They came to me, so I'm not going to let them down."

"Clean Government" petitions nominating Kozielek for mayor reportedly obtained over 300 signatures last week after "Citizens for Kozielek" placed them in circulation.

Letter Given to Kozielek
The citizens presented a letter, bearing over 30 signatures, to the acting mayor.

The letter to Kozielek related,

Export Marketing Conference Set Here On May 12

A conference on the potential of increased industrial marketing through exporting will be held for representatives of Madison and St. Clair county manufacturing and business firms on May 12, Carl Ranft, general manager and secretary of the Tri-City Regional Port District, announced today.

Ranft said the conference, which will include a bus tour of the Tri-City Port District facilities on the Chain of Rocks canal, has been arranged to emphasize the possibility of increased sales for many firms by exporting their products to foreign markets. Invitations are being sent to about 300 industrial and business firms in the bi-county area, Ranft said.

The program will get underway at 11 a.m. when buses will leave the Granite City Army Depot for a tour of the Tri-City Port District, including the port's liquid and bulk handling facilities, new electronic truck scale and the \$60,000 ton storage warehouse now under construction.

Luncheon at Depot
The group will return to the Army Depot for luncheon at 12:15 p.m. in the Officers Club.

The afternoon session will convene at 1:15 p.m. with an address of welcome by Harold Fischer, chairman of the port district board.

Speakers will include Ray Dickerson, director of the Illinois Department of Business and Economic Development; Col. Carroll Le Teller, district engineer of the U. S. Army Corps of Engineers; Joseph Garrity, district director of Customs; A. J. Koka, international trade specialist of the Department of Commerce, and Ranft.

A workshop program scheduled to begin at 2:15 p.m. will include discussions on financing by Frank C. Lexa of the Mer-

New Levee District Rate Set At 40.2¢

Boosts Granite City Tax Cost to \$5.47 Per \$100 Valuation

Quadruple City area taxpayers will pay tax bills to the East Side Levee and Sanitary district this summer under a new rate of 40.2 cents per \$100 assessed valuation, an increase of 1.1 cent over last year's extension, it was announced today by County Clerk Eulalia Hotz.

At the same time the county clerk's tax extension department announced the 1969 assessed valuation of the Madison county sector of the levee district for the 1969 tax year, on which this year's tax bills will be based, has been fixed at \$25,277,421, up \$5,123,340 over last year's assessment of \$20,154,081.

The new valuation for the part of St. Clair county included in the levee district has been established at \$301,624,284, or \$1,281,070 higher than last year's \$300,343,214, setting a total district-wide assessment of \$568,891,905. Last year's overall valuation total was \$550,445,895.

Completes Rate Extensions
The tax rate for the levee district completes all 1969 tax rate extensions for the Quad-City area and increases to \$5.47 per \$100 assessed valuation the total rate for all Granite City township taxing districts. New rates for all other districts were announced by Miss Hotz March 30, but the levee district tax rate is established by St. Clair

JR. HIGH DELEGATE meets U. S. Senator Ralph T. Smith, who was guest speaker here Saturday for the 11th annual convention of the Illinois Association of Junior High Students Councils. The program for 750 delegates was held at the GCHS auditorium. The surprised student is Barb Graman, a delegate from Gridley.

Venice Park Board to Sell \$10,000 Warrant

Sale of an additional \$10,000 tax anticipation warrant was authorized by the Venice park board in a special meeting Thursday night. No other business was considered in the meeting which was called at the request of Board President William Ohlendorf to provide funds pending receipts from tax collections this year.

The action brought to \$25,000 the total amount of anticipation warrants issued by the district during its current 1969-70 fiscal year. Warrants totaling \$15,000 were authorized for issuance at the beginning of the district's fiscal year last June.

Jr. High Delegates Impress Lt. Gov. Simon, Sen. Smith

The 750 youngsters in town for the 11th annual convention of the Illinois Association of Junior High Student Councils, hosted by the Granite City Junior High School, were given a tour of the city by Lt. Gov. Paul Simon and U.S. Senator Ralph Smith on Saturday and perused the two officials with serious questions during convention sessions Saturday at the senior high auditorium.

The teenage youngsters heard Lt. Gov. Simon speak on Air Pollution and Overpopulation, and the question and answer period followed.

Simon was asked if the electoral college should be abolished

and replied that it should with modification. He agreed that 18-year olds should be allowed to vote.

When the junior high conventioners asked what they could do about reducing air pollution, Simon replied they should make appeals in writing to local, county and state officials and to make known any complaints. He answered them saying he was certain Lake Michigan could be saved if pollution preventive steps were started immediately.

He also pointed out the state is in the initial stages of organizing its fight on air and water pollution.

Smith on "Familiar Stage"
U.S. Senator Smith, a graduate of Granite City high school, told the delegates he was on a familiar stage in addressing them. "I made by first public speech from this very stage," the senator commented.

His arrival Saturday afternoon from northern Illinois was late, but the convention proceeded with announcement of election results and a selection by the Coolidge freshmen chorus to fill the interlude.

Sen. Smith remarked he tried to get into the front door of the high school and found it locked. He then went to Coolidge junior high and Memorial Gym and found them empty, before returning to the senior high building and found it crowded.

Through a side door he was greeted by television cameras and a welcoming group that had been looking for him rather than a rear door off the parking lot.

"Things have changed around here," the senator commented. In his talk, Sen. Smith said nearly two-thirds of the state tax money is spent for education, but that Illinois still has problems in

900 in Area Off Jobs Because of Trucker Strike

The strike of Teamsters Local 600 of St. Louis which has closed off outgoing and incoming freight shipments of many industrial plants and business firms has resulted indirectly in the layoff of about 900 workers in the Quad-City area, it was reported here today.

The layoffs have resulted in an increase in claims for unemployment compensation filed with the Illinois State Employment Service, it was said.

Malcolm Thompson, manager of ISES, said his records indicate a total of about 900 unemployed layoffs that can be attributed to results of the strike—either inability to ship products or to obtain materials and supplies to maintain operations. Most of these layoffs have occurred in five plants in the area, he said.

In the St. Louis area, however, more than 30,000 layoffs have been attributed to the effects of the teamsters strike and industrial leaders have estimated an economic loss of more than \$80 millions in wages since the walkout occurred on April 1.

Disappointed in Attitude
Meanwhile, U.S. Sen. Ralph T. Smith (R-Alton) in a senate floor speech at Washington, said he was disappointed with the "hands off" attitude of the administration in the nationwide truck dispute.

"The time to prevent an emergency is now and the federal government has the authority and the responsibility to act," Senator Smith said. "I urge him to use it."

He said the President recognized the unique relationship between the transportation industry and the national health and safety when he sent his Emergency Public Interest Protection act to Congress last February.

With the outcome of a teamsters contract ratification vote at least two or three weeks away, and with wildcat strikes and picket lines spreading, the nation could be idle, hungry and endangered even before it knows whether the tentative agreement has been accepted, Senator Smith said.

"If the agreement should be rejected there would be more of the same," he added.

Boy, Five Cyclists Among 22 Injured in 31 Mishaps

An eight-year-old boy was injured seriously when he ran into a moving auto and another youngster on a bicycle was struck by a car during a series of 31 weekend traffic accidents resulting in injury of 22 persons in the Quad-City area.

Ronald Wayne Hoskins, eight, son of Mr. and Mrs. Lester Hoskins, 2127 Missouri avenue, was injured seriously when he ran into the right side of an auto driven by Ralph Arthur Hug, St. Louis, at 8:15 a.m. Friday.

The accident occurred in front of the boy's home. He was taken to St. Elizabeth Hospital for treatment of a concussion and cuts to his head and was transferred to Cardigan in Glenon Hospital, St. Louis.

The boy, a third grader at Logan school annex, is "doing fine," according to a hospital spokesman. He is allowed only his parents and grandparents as visitors and will remain at the hospital for an indefinite stay.

2 on Motorcycle Hurt
Two persons on a motorcycle were injured, but an 18-month-old boy riding on the cycle with them escaped unhurt about 4:20 p.m. Saturday in a

collision with an auto on West Pontoon road.

Admitted to St. Elizabeth Hospital was Mrs. Charlene Hagreen, 4010 Bradley avenue, a passenger on the cycle operated by her husband, Mr. Arthur Frederick Hyman, 20, of the same address. Their son, Michael, 18 months, riding between his parents, apparently landed on top of his father and escaped injury.

Police said Hyman was going west, while the auto was being driven west by Joyce Slusher, 227 Pontoon road, who was making a left turn into the driveway at her home.

Mrs. Hyman sustained abrasions and contusions to the right leg, hip and back and underwent a series of x-rays before being admitted to the hospital. Her husband was treated for abrasions and contusions to both knees, right shoulder and right arm.

Boys Captured in Two Separate Break-Ins; Burglars Hit 13 Places

A \$10,000 safecracking in the community at Fairmont Race Track and the capture of four youths during break-ins at a number of places in a series of 18 crimes reported to Quad-City authorities during the weekend. Thirteen burglaries were among the crimes reported.

From \$10,000 to \$15,000 was stolen from a safe in the community at the Fairmont Race track between 7:30 and 10:15 p.m. Sunday, it was reported by the Madison county sheriff's office.

The safe in the commissary office was punched. Entry was gained by the northeast corner of the building which is attached to the grand stand.

Police Catch Burglars
Four teenagers, two of them juveniles, were taken into custody Saturday night and early Sunday morning as Granite City police were alerted to two break-ins—one at a downtown auto agency and the other at Webster school.

Two youths from South Roxana and Wood River were captured inside Granite City Dodge Co., 1911 Madison avenue, at 10 p.m. Saturday when police were summoned by a passerby who heard glass break.

Officers surrounded the building, finding a window on the north side had been broken. The intruders were ordered to come out through the window, but they surrendered without resistance.

Charged with burglary was James E. Jones, 18, of South Roxana. His companion, a juvenile from Wood River, was turned over to juvenile authorities.

At Webster school, a shot was fired through the office window by police after two intruders were seen climbing the desks and cabinets at 3:30 a.m. Sunday.

Officers had surrounded the building after determining the intruders had entered by climbing a fire escape and breaking a door glass.

Taken into custody in the office were Lowell W. Stephens, 18, of East Alton, and a 16-year-old cousin, His companion, a juvenile, was charged with burglary. The two youths were found under a desk in the office. They offered no resistance.

Police also questioned them in connection with another school break-in reported at 8:25 a.m. Sunday. Jess Owens, a custodian at Lake school, 3201 East 2nd street, discovered a rear door had been forced open, an office desk ransacked. A chair was found on a chair in the office and apparently had been used in an attempt to pry open file cabinets.

\$10,000 Clothing Theft
Clothing valued at \$10,000, including 250 sports coats and 200 pairs of slacks, was stolen in a burglary at Tratter's Men's shop in the Nameoki Village Shopping center, it was reported Thursday.

A 3x4-foot hole was cut in the roof at the rear of the store and a false ceiling was removed. Upon leaving the burglary, a burglar was seen carrying away a sack of clothing.

The clothes were hauled through the roof and the ceiling section was replaced. There was no indication that the burglars went into the front area of the store. A white pickup truck was seen leaving the area during the night.

Display cabinets were rifled and some merchandise was found stacked by the door in a burglary at the Surplus store, Niedringhaus avenue and 19th street, it was reported at 9 a.m. Friday.

An unknown amount of money from the sales of fishing licenses and two air pistols valued at \$15 each were missing. Entry was gained by breaking a padlock off the rear door.

An undetermined amount of money and the entire stock of cigarettes were stolen in a burglary at Ramsey's B-I-Rite market, 2425 Benton street, it was reported at 7:35 a.m. Saturday.

2-Inch Rain Floods Area Damages New Sewer Work

Heavy rainstorms accompanied in places by hail moved through the Quad-City area Thursday night to bring 2.13 inches of rain which flooded streets and basements and dealt a severe blow to the city's sewer repair program.

The deluge which hit the area about 7:45 p.m. and was estimated to have brought more than one inch of rain in a half an hour flooded many streets and highway underpasses in the area and made some sections of the area impassable by auto.

The heavy rain, which continued periodically through part of the night, filled the recently excavated section of the Lynch avenue sewer line with water. On Maryville road just west of Woodlawn avenue where the first line replacement excavation had been made, workmen found 15 feet of water when they reported for work Friday morning.

May Damage Concrete
The water poured in on top of a concrete pad that had been poured at the bottom of the excavation Thursday, just a few hours before the storm hit. The A. H. Seebold Contracting Co. reported it would be necessary to pump the excavation dry and dry out the concrete before the extent of damage could be determined. Workmen spent Friday in pumping the excavation area.

The heavy downpour in such a short period overloaded capacity of the city's lift stations and the street department called out work crews a short time after the heavy rain began backing into many sections of city streets, particularly in the North Granite area. Lynch and Vesel avenues were flooded as usual and still were covered with water late Friday afternoon.

Weather instruments at the Chain of Rocks locks recorded 2.13 inches of rain throughout Thursday until 8 a.m. Friday, with most of the fall occurring during the hours of 7 to 9 p.m. Thursday.

The Thursday night fall increased to 5.03 inches the total rainfall so far during April, or 1.32 inches more than the April normal of 3.71 inches. Until the Thursday night storm, the Quad-City area had been running four inches below normal rainfall so far this year.

Dobrey Slough Filled
The sudden and heavy rain did not inundate the Angela drive area as it has in the past because recent pumping operations in Dobrey slough had almost completely emptied the

slough channel. The rainfall put the slough to within about two feet of the city's lift station, but, however, and nearly to the top of the culverts running under Angela drive.

Levee board workmen were called out as the magnitude of the downpour became known, and worked throughout the night on Cahokia Creek canal in an effort to keep the gates at the canal locks from becoming clogged with debris. A Horseshoe Lake landowner reported Friday morning, however, that the canal was backing up into Horseshoe Lake and said he learned the crane used to clear away debris at the spillway locks had broken down.

In East St. Louis, all levee board workers were called out about 8 p.m., but it was reported many of them were unable to reach their jobs because of high water. As much as eight feet of water accumulated in some street levees in East St. Louis, levee board officials said.

About 50 persons were evacuated from homes in East St. Louis, levee board officials said.

FOUR-BLOCK STRETCH of Lynch avenue was flooded by water as a result of Thursday night's 2.13-inch rainfall. This view is in the 2500-2600 blocks. Backyards of homes in this area also were flooded and many residents were forced to pump water from their basements. Lynch avenue residents complained the water had receded but slightly even 24 hours after the downpour.

Partney Asks Simon's Aid In Keeping Depot Open

Mayor Partney announced Friday that he has called upon Lt. Gov. Paul Simon to aid in a community-wide move to prevent the closing down of the Granite City Army Depot.

Partney said he has had no response from Gov. Ogilvie on a request to the governor for intervention and demands for public hearings locally as well as in other areas of Illinois where military installations are to be phased out.

The mayor explained he has appointed a citizens committee to work toward keeping the depot here or to bring in other government facilities, and if neither can be accomplished, then to permit the city to acquire the properties for development as an industrial park.

Information on wide scope of losses to the community with the depot closing was forwarded by the mayor to President Nixon, Gov. Ogilvie, Lt. Gov. Simon and Senators Percy and Smith.

Losses to Schools

Dollar loss to area school districts was estimated at \$300,000 a year under Public Law 974, and the payroll loss was estimated at \$12,500,000. In addition, the mayor listed losses of \$5,000,000 to supply vendors, \$4,000,000 to contractors, \$5000 to the United Fund and \$3000 a year to national health agencies.

Other losses to the community include the services of the bomb disposal squad stationed at the depot and the operations there.

Scott Seeking 'Buy in Illinois' Coal Law Repeal

Moved by the twin motivations of air contamination and the basic concept of free trade, Attorney General William J. Scott on Thursday called for total repeal of a series of Illinois laws which require state and municipal institutions to purchase only coal mined in Illinois.

On Feb. 2, 1970, he issued an opinion which held the original 1937 coal purchase law unconstitutional. Scott said at that time that the Illinois Mined Coal for Public Institutions Act openly conflicts with the commerce clause of the federal constitution and is thus unconstitutional, since the Illinois legislature has no power to regulate commerce between states.

In his follow-up action, Scott had called for complete repeal to erase the old coal law in testimony before the House Committee on Conservation and Water Resources.

At the conclusion of the hearing, the committee gave the repeal legislation a "do pass" recommendation.

The bills are House Bills 3399 through 3411, and HB 3380 through 3392.

Depression Recalled
Scott said the 1937 statute was designed to lift the Illinois coal industry from the final throes of a depression, and thus served the interests of the state.

"Today, however, the grim urgency of air pollution demands that Illinois institutions be free to seek out low sulphur coal anywhere they can find it in a free competitive market. This is the priority interest of the state for the 1970s and beyond," he testified.

Scott said repeal of the "required purchase" statute would cause Illinois coal producers to become fiercely competitive in marketing the low-sulphur coal sought by citizens intensely concerned with preservation of the environment.

The attorney general said Illinois is second in production of coal in the U. S. and first in the amount of coal reserves.

"Thus," Scott said, "I do not see repeal of this depression-year statute as an economic hardship, but rather as an unquestioned step toward survival itself. Repeal of these laws is only one of many things that must be done if there is to be any kind of future at all for Illinois. We cannot exempt any contaminant, and certainly any law that assures air contamination via sulphurous fumes is, by any definition, a deliberate wink at disaster."

Illinois' 1970-71 fiscal year budget for special education will exceed more than \$100 million in state and federal funds due to a sharp increase in the enrollment of handicapped children, according to Ray Page, Illinois Superintendent of Public Instruction.

A dramatized saga of the tragic history of the Cherokee Nation in the 1830s starring top country music singer Johnny Cash will be telecast on National Educational Television Playhouse's "Trail of Tears" at 7:30 Thursday on Channel 9.

The journey, made after the tribe was stripped of its farmland by the State of Georgia and then forced to migrate westward by the U. S. government, cost them some 4500 lives. Cash, who is part Cherokee himself, portrays Chief John Ross.

Sign Reminds Public Of POW-MIA Campaign

A full-size billboard at 12th and Madison avenue from which the word "Hanoi" projects in large letters, apparently is starting a public campaign to cause many drivers to turn around and take a second glance.

Full text of the billboard's message reads—"Give Us A List . . . Hanoi . . . POW-MIA." Its reaction on local passers-by is duly noted with approval by Granite City Jaycees, who recently erected the outsize sign in an effort to alert the public to the Hanoi government's consistent refusal to provide a list of U.S. servicemen held in North Vietnam.

The club rented the space and erected the sign specifically to aid a program of the "Reunite Our Families Group" of which Mrs. Sandy Innes of Granite City is an active member.

Mrs. Innes, the former Sandy Noeth, is the wife of Lt. Roger B. Innes, a U.S. Navy flier who was reported missing in action in Vietnam two years and four months ago. She has yet to hear from him or receive official word that he is held prisoner.

As a member of ROFG, an organization of wives and mothers of servicemen who are prisoners or missing in action, Mrs. Innes with the help of the Granite City Jaycees and other local clubs hopes to rally support for a public letter-writing campaign. Details about the campaign shortly will be announced.

Richard Kacora, Jaycee project chairman, said arrangements will be made to project the program via the Metro-Lux system located near the Rose Bowl.

Jefferson said he drove down the dead end of Second street in West Madison and was forced to stop. At the end of the street he jumped out of the car and ran and the two men in the other car pulled him out of his car.

BOSS OF THE YEAR. A. L. "Pete" Metcalf, Granite City assistant postmaster (right), whose community service and support of local Jaycee activities earned him "Boss of the Year" honors Thursday evening. Presentation of a plaque was made by Stanley Noe, GC Jaycee president at the annual "Bosses' Night" dinner.

A. L. Metcalf is Named JC 'Boss of the Year'

Assistant Postmaster A. L. "Pete" Metcalf of Granite City of the St. Louis Baseball Cardinals, was named "Boss of the Year" during the annual Bosses' Night dinner party Thursday evening, sponsored by the Granite City Jaycees.

The bosses' night event, held at the Jaycee clubhouse on Poplar street, was attended by more than 80 Jaycee members, their employers and other guests.

Robert L. (Bob) Burnes, executive sports editor of the St. Louis Globe-Democrat, was the principal speaker. Honored for his participation in community affairs, Metcalf also was cited for activities in support of the local Jaycee organization by encouraging young men to become Jaycee members and assisting in the construction of the new club-house building. It was announced that at least five employees of the local post office department are members of the young men's service group.

Metcalf, who last week was named president of the Granite City board of education and is former school board treasurer, also serves as treasurer of the Mexican Honorary Commission of Granite City and chaplain of Elks Lodge 1068.

He is a past president of the Granite City Optimist Club and recently was presented the "Top Hat Award" by the Business and Professional Women's Club for outstanding community service.

Speaking on the theme of leadership, in and out of the world of sports, Burnes compared attitudes and mannerisms displayed by managers of St. Louis' top professional sports teams and their ability to produce individual and team response.

He commented on the different psychological approach to

players used by Red Schoendienst, Stan Lee, and Scotty Bowman of the St. Louis Hockey Blues and Charlie Winner of the Cardinal football team, contrasting the mildness of Schoendienst to the fierce competitive attitude of Bowman.

Stanley Noe, Granite City Jaycee president, welcomed the guests and the invocation was offered by Bob Frey. Guests were introduced by Earl Warmhoff, dinner chairman.

Other awards presented at Thursday's dinner included the "Outstanding SPOKE" award won by Gary Geroff, a teacher in the Collinsville school system; and the "Outstanding Spark Plug" award, presented to Stan Brown, a postal department clerk.

Miss Janice A. Jones is Bride of Thomas P. Casey

Arrangements of white pom poms and pink majestic daisies in tall standards at alternate pews down the aisle, provided the setting Saturday evening for the wedding at St. Joseph Catholic Church of Miss Janice An Jones, a daughter of Mrs. William B. Drew, 3825 Village Lane, and Thomas Patrick Casey, whose parents are Mr. and Mrs. Charles C. Casey of Barnhart, Mo.

Rev. Martin Mangan officiated the 8 o'clock services.

The bride was given in marriage by her maternal grandfather, Clarence J. DeGonia. She wore a gown of white organza and Venice lace. Designed with a fitted bodice, a high Victorian neckline and long puffed sleeves, appliques of lace covered the bodice and neckline and a scalloped band of lace encircled the waist, complemented with a pink satin sash and streamers.

The full, floor-length skirt swept to the back, forming a court train. A high Camelot bonnet of matching lace and pink satin ribbon secured the bride's veil of silk illusion and she carried a nosegay of white pom poms, Sweetheart roses and soft pink baby's breath with pink and white ribbons.

The bride's attendants were gowned alike in pink organza with a white velvety design woven vertically throughout the fabric. The high necks had fluted collars and Empire bodices were accented with matching pink velvet ribbon fashioned with bows at the center front and back.

Their long, full bishop sleeves were cuffed with fluting, and relaxed sheath skirts hung gracefully to the floor. Matching pink toned Camelot headpieces held

in place brief bouffant veils. Their flowers were nosegays of pink pom poms, baby breath and touches of purple statice.

Mrs. Michael Huff was matron of honor and Misses Lana Williams and Linda Gallauer served as bridesmaids.

Two little flower girls, Christy Webb, the bridegroom's niece, and Linda DeGonia, a cousin of the bride, wore pink dotted swiss frocks with long puffed sleeves and Empire waists encircled with pink ribbon. Ruffles were at the wrists and collars. Headpieces were pink veiling secured by pearl combs and they held white baskets filled with pink pom poms, baby breath and purple statice.

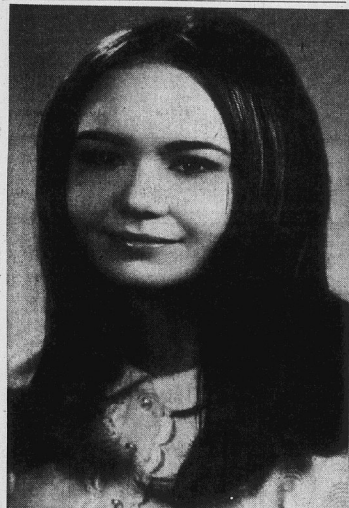

Charles C. Casey Jr. was best man for his brother, and Dennis Shockley, John B. Anderson, Robert Smith and James Hall made up the list of groomsmen and ushers.

For her daughter's wedding Mrs. Drew wore a honey beige embroidered silk organza sheath dress with a contrasting coat of silk, and shrimp accessories. The bridegroom's mother was in a powder blue dress and beige accessories. Both had corsages of cymbidium orchids.

A reception was held at the KC Hall after the ceremony, and the newlyweds left for a brief honeymoon trip. They will reside at 10 Eastgate drive. Miss Marjorie Gallauer presided over the guest book at the reception.

The former Miss Jones attended SIU-SW and Eastern Illinois University. She is presently employed in St. Louis. Mr. Casey attended the Hillsboro, Ill., high school and Jefferson College.

The rehearsal dinner was given by the bride's mother at her home.

County Wants Out of Highway Fund Freeze

A separation of Madison county from St. Clair county for purposes of the highway fund freeze was requested today by R. W. Schrimpf, chairman of the highway committee of the Greater Alton Association of Commerce.

Schrimpf, in a letter to Gov. Ogilvie, said Madison county does not have the same problems as St. Clair county, and that during the 21 months of the freeze, meetings have been held with East St. Louis city officials, East St. Louis blacks, East St. Louis unions and East St. Louis contractors with no representation from Madison county.

"It is very, very difficult for us to understand how we in Madison county can be part of the problem, but are not part of the solution. We cannot resolve in our own minds that we should be part of a federal highway freeze under such conditions," he said.

Venice Woman Is Wounded by Shotgun Blast

Veverly Isaac, 23, of 1105 Bissell street, Venice, was wounded in the right shoulder by a shotgun blast about 12:20 p.m. yesterday. A few minutes later Venice police arrested her assailant and booked him on three charges.

Miss Isaac was taken by ambulance to St. Elizabeth Hospital from in front of her home where the shooting occurred.

Arrested a short distance from the Isaac home was Levell Williams, 40, of 511 Mercedocia street, who was named in warrants charging aggravated battery, failure to possess a firearms identification and unlawful use of a weapon. He was held in the Venice city jail this morning.

The woman told police that Williams is a close acquaintance for eight years, came to her home Saturday and became involved in an argument with her mother, and that Williams threatened her with a knife at that time. He left, however, and returned about 4 a.m. Sunday when he opened a kitchen window and pointed a gun at her. She said she hid in the hallway.

Williams returned in a car with a woman friend about noon yesterday, and fired the gun after Miss Isaac had come outside, police reported. Williams told an FBI agent, who was called into the case because the gun was a sawed-off shotgun, that he found the weapon in an alley. He said it meant to fire the gun into the air and did not intend to wound the Isaac woman.

Rev. Ronald L. Rogers, assistant to the superintendent of missions in Chicago, will be guest speaker at Third Baptist Church, 26th street and Grand avenue, on Friday evening.

than a decade in which the valuation in Madison county has been overvaluing that of St. Clair county which formerly was considered the major portion of the district.

In 1960 the Madison county area within the levee district had an assessed valuation of \$213,068,614, while the St. Clair county section of the levee district had assessments of \$24,545,759. During the ten-year period, the Madison county assessment has risen \$42 millions to its present valuation, while St. Clair county valuations declined annually by \$23 millions over the ten years.

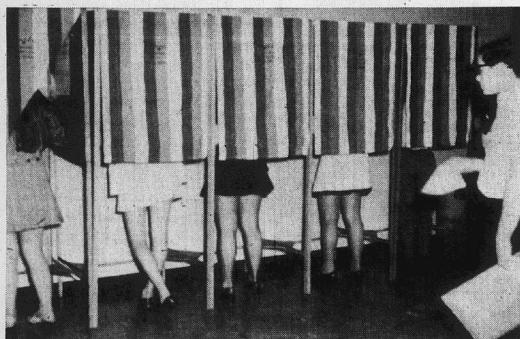

The present Madison county valuation of \$25 million means that taxpayers of the Quad-City area pay 40% of the total tax bill of the levee district.

MORE ABOUT Jr. High

that educational opportunities are not of the same caliber throughout the state. He added that the federal government hopes to correct this situation.

Commenting on "Earth Day," Sen. Smith said, "this brought out just how we have messed up this country of ours—the air, the water and the surface, but the man in the White House has recognized this and is giving it a top priority."

He pointed out that the country's most serious problems involve other countries of the world; the war in Vietnam and the draft. "I'm pleased the President plans for a volunteer Army and to eliminate the draft. Of course, service in the volunteer army has to be made attractive to maintain a proper defense."

During the question period, the senator said in reply to "Why are not people concerned with the condition of the earth?" that too few people realize the crisis. "We must take corrective steps and turn the corner to go the other way. I'd say we have three to five years to salvage the earth."

When asked if he would debate with his Democratic opponent, Adlai Stevenson, the senator replied, "I'm ready at any time. All I have to be able to do is catch him and pin him down."

The senator was asked if the U.S. will be involved in the situation in Cambodia. Smith replied that the U.S. is not likely to be involved in any ground action in Cambodia.

"Will Judge Harry Blackmun be appointed to the Supreme

Court?" was the next junior high schooler's question.

The senator answered, "His chances are very good, and I hope this vacancy on the court can be filled soon, so the Senate can get on to other business."

The senator then was asked if anyone was really interested in winning the war in Vietnam. Senator Smith replied, "We don't intend to pursue a military victory as we did in world war II. What we have undertaken is a holding action in hope the South Vietnamese can set up their own government with freedoms and without fear of being taken over by North Vietnam. The President truly is seeking a negotiated peace," he added.

The senator then had to halt questions to catch a plane for an afternoon appearance at Carbondale.

Prior to the senator's arrival the results of the early afternoon balloting for officers was announced. The new officers are—John Petrusak, a Crete, Ill., junior high seventh grader, president; Theodore Matthews of Chicago, first vice-president; Darrel Mears of Thomasboro, second vice-president; Betty Strama of Hillside, secretary, and Terry Dean of Mt. Carmel, reporter.

Group Discussions

Group discussions during the convention included — Drug Abuse with Irving Miles of the Coordinated Youth Services as speaker; and senior high students aiding in other discussion groups — Student Council elections; finance and money-making projects; good social activities; worthwhile community service project, qualifications and requirements for student council members; what can student council do to improve

school spirit and spectator sportsmanship; how can student council-city relations be improved; and what about dress codes in your schools.

The convention opened Friday with the first general assembly featuring entertainment by the Checkerboard Squares and the Coolidge speech department, followed by an introduction of candidates. From 9 to 11 p.m. there was a dance in the Coolidge gym and a movie in Coolidge room 109.

The Saturday morning session featured greetings by city and school officials and selections by the Coolidge Latin American Ensemble. Lt. Gov. Simon was the speaker.

Announcements throughout the convention were made by local student council presidents — Dean Surbey of Coolidge,

Area Supervisors Retain Top County Board Posts

Quadrant city area members of the Madison county board of supervisors retained chairmanships of major committees announced last week by Harold Londolt, county board chairman.
